XM keeps me up to date 24/7, and with traffic and weather I have the latest information so I can make adjustment to my travels, The big rig truck isn't the eaziest thing to move about in traffic jams and bad weather, I'm happy with the way things are, and hope XM expands services for me and the rest of the XM listeners. I wait the FCC to reject NAB's petition 04-160, House bill HR4026 and to support XM's ability to provide the kind of programming that I demand and deserve. 'IF it's not broke dont fix it'

Respectfully,
